1. At the Staff meeting of the DDCI, he reported that the Killian Committee was now ready to assist the Agency in any problems. He felt that this was a good thing and that we should pass up to the Committee any problem areas that have been bothering us. Subsequently, Mr. was appointed by the DD/S to review and coordinate the submissions. He asked that he receive them by next Wednesday, September 11. He also requested that if we err in the direction of sending up too many, that he would "weed" them out before they go to the DD/S.

2. In Mr. absence, I suggest that if we have any areas which we feel are appropriate for a committee of this type, that we type them up double space, and submit them to by Tuesday, September 10.
